

## Searching Via a Publication Title

### **Database: Discovering Collection**

#### **Process:**

1. From <http://access.gale.com/ontario/> **click** on the “Discovering Collection Icon”
2. **Click** on the blue “Publication” link
3. In the search box **type** canad\*
4. **Click** on the [Junior Worldmark Encyclopedia of the Canadian Provinces](#) title
5. **Click** on “2004”
6. **Click** on the province of your choice

#### **Notes:**

- Once you are in a province’s information on the left hand side you are able to **click** on related subjects and find more articles and images
- At the bottom of each article the citation information is included
- Users can use the E-mail button at the top to email this information to others
- Users can use the the A s on the top right of the screen to increase the font size of the text as needed
- There is a basic translation option in the middle top of the page
- Users can use the topic links at the top of the article to link to the headings in the article
- From the Toolbox link at the top of the page users can access

How to <a href="#">Judge Information</a>	How to <a href="#">Choose a Topic</a>	How to Make a <a href="#">Concept Web</a>
How to <a href="#">Write a Topic Sentence</a>	How to <a href="#">Make an Outline</a>	How to <a href="#">Read and Interpret Graphs</a>
How to <a href="#">Build an Argument</a>	How to <a href="#">Write a Conclusion</a>	How to <a href="#">Write a Thesis Statement</a>
How to <a href="#">Footnote</a>	How to <a href="#">Create Visual Representations of Data</a> (charts & graphs)
